

## GLENDALÉ GETS C. E. CONVENTION

STATE GATHERING IS AWARDED  
TO THIS CITY AS RESULT  
OF BOOSTER WORK

### MEETING NEXT JUNE

MORE THAN THREE THOUSAND  
TO BE ENTERTAINED HERE  
AT SESSION NEXT YEAR

The state Christian Endeavor convention will be held in the city of Glendale next June.

This important announcement was made today by J. A. Newton, who, with Rev. W. E. Edmonds and C. C. Stoler, put forth efforts to win the great gathering for this city.

More than 3,000 delegates will be in attendance, coming here from every section of the state. About 1,000 will come from the northern section, the remainder representing southern California.

While the estimate of probable attendance is put at more than 3,000, it is believed that the number may exceed 3,500. It is proposed to have Eagle Rock, Pasadena and other surrounding sections aid in housing the delegates.

Trustees Extend Invitation  
At the last meeting of the city trustees, Rev. Edmonds, Newton and Stoler appeared and asked that the board extend a formal invitation to the convention to meet here. This was done and the invitation carried to a meeting of the state executive committee of the Christian Endeavor with Glendale's claims to the big gathering so forcibly presented that the committee voted to assign the meeting here. The exact dates for the gathering have not yet been made known.

The convention was won for Glendale without the city entering into any pledges for financial aid. The committee asked only for the moral support of the trustees—and the official invitation.

It is pointed out that Glendale will receive a great deal of publicity through the holding of the convention here and citizens generally will be asked to make the stay of the visitors as interesting as possible.

Now that the convention has been awarded to Glendale, it is expected detailed plans for the gathering will soon be put under way.

## PURCHASE GROCERY

MR. AND MRS. S. L. WALKER NOW  
OWNERS OF CHRISTY STORE  
AT 115 SOUTH BRAND

Mr. and Mrs. S. L. Walker of 131 Arden avenue have purchased and taken possession of the Christy grocery and meat market at 115 South Brand boulevard. Mrs. Walker has been associated with Webb's Dry Goods company for a number of years and has been a resident of this city for nine years. Mr. Walker was with the Barnes Music company of Los Angeles for the past six years.

The same force of help will be employed by the Walkers as was in attendance while the Christys were in charge. All old customers will be greeted with the same courtesies which were formerly extended to them, as will all new customers and friends of Mr. and Mrs. Walker.

Both Mr. and Mrs. Walker are experienced business people and it is predicted they will increase the popularity of the grocery and meat market, already a popular place of shopping with many Glendale people.

### Here From St. Louis

Mrs. T. B. Miller and her sons, Alden and Joy, of St. Louis, Missouri, are guests in the home of Mrs. Miller's aunt, Mrs. J. A. Quackenbush, of 1119 East Colorado boulevard.

Mrs. Miller's many friends and relatives in southern California are hoping she will decide to make her home in Glendale.

In order to win her appreciation of the desirability of Glendale as a home city, these friends and relatives have planned a number of pleasant affairs in honor of Mrs. Miller and her children, many of them out-of-doors entertainments, for the great out-of-doors in California always captivates the easterner, especially in winter.

Among these was a picnic dinner on Thanksgiving day at Big Tujunga canyon. Automobiles carried the party to the picnic ground, and after the feast a number of the guests climbed the mountains for holly and mistletoe.

## Board of Freeholders Will Hold Meeting to Hear Committee Report

The board of freeholders, recently elected to frame a new charter for the city of Glendale, will hold a meeting at the city hall tomorrow night to which the public is invited. The meeting will be called to order at 7:45 o'clock by Bert P. Woodward, who is chairman of the board.

It is announced that a committee composed of Dr. Jessie Russell, W. R. Phelon and G. B. Woodberry will make a report on their study of charters in other cities.

The board of freeholders wishes it understood that the meetings are open to the public and, too, that suggestions for provisions in the proposed charter are welcome. It is, however, requested that suggestions be made in writing; they may be mailed to Chairman Bert P. Woodward, city hall, or to his home address, 214 North Maryland avenue.

## CONFERENCE IS TO TAKE PLACE

REPUBLICAN LEADERS TO MEET  
IN DECEMBER AND DECIDE  
UPON CONGRESSMAN

### CALL COMES SOON

STATE PARTY LEADER TO SET  
TIME AND PLACE WHEN TO  
DETERMINE NOMINEE

As the result of the agreement reached at a meeting of republicans representing the various sections of the ninth congressional district, held in Los Angeles in the office of Alfred L. Bartlett, chairman of the republican county central committee, on Saturday, Raymond Benjamin, chairman of the party's state organization, will be asked to call a general conference of republicans of the ninth district to select a candidate for congress to fill the vacancy caused by the death of Congressman-elect Van de Water.

The meeting was presided over by Mr. Bartlett and a committee composed of L. M. Cole, G. H. Welch and Mr. Bartlett was named to confer with Mr. Benjamin at once and urge that he issue a call for a conference early in December. Mr. Benjamin is expected in Los Angeles today.

City Attorney Evans of Glendale was invited to the meeting to represent this city, but owing to a previous engagement, he could not attend and delegated John Robert White to be present at the gathering.

Candidates Not Discussed  
Claims of the various candidates for the seat to which Mr. Van de Water was elected were not discussed at Saturday's gathering, it is stated. It was announced the decision had been reached that the question of candidates would not be discussed at the meeting.

When the gathering adjourned, it was stated by Mr. Welch, who is chairman of the republican congressional committee for the ninth district, that all properly accredited candidates for the vacant office would be given equal consideration at the conference planned for December.

A number of prospective candidates have been suggested in various parts of the district and the name of City Attorney Evans of this city is being prominently mentioned. Supervisor Dodge of this district is also being suggested.

It is probable that the proposed conference will be held in Pasadena.

### Entertains Officers

Mrs. Sallie Campbell Braden, worthy matron of Glen Eyrie Chapter No. 237, O. E. S., entertained the officers of that organization at a 1 o'clock luncheon given at the residence of her sister and brother-in-law, Mr. and Mrs. J. T. Fitzgerald, at Western avenue and Adams street, Los Angeles, Saturday.

The officers and friends present were Mrs. Orma V. Naudain, Miss Mildred Lyons, Mrs. Carvel, Mrs. R. M. Brown, Mrs. Vesper, Mrs. Wilbur, Mrs. Jennie Phillips, Misses Francis Kinch and Mae Cornwell, Mrs. Dan Campbell, Mrs. Mabel L. Rudy, Mrs. James Wyvell, Mrs. Pollock.

The house was beautifully decorated in red carnations, autumn leaves and large candle sticks with red candles. After luncheon 500 was enjoyed. First prizes were won by Miss Mae Cornwell and James Wyvell.

## BIG INCREASE IN FUND OF CHURCH

FINANCE COMMITTEE CHAIRMAN OF PRESBYTERIANS  
REPORTS \$55,158 PLEDGED

### TOTAL NOW \$105,158

REAL JUBILEE SERVICE IS HELD  
LAST NIGHT BY MEMBERS,  
LED BY REV. EDMONDS

The "Jubilee" service held last night at the Presbyterian church was a real jubilee, in that H. L. Finlay, chairman of the finance committee, reported that \$55,158 had been pledged to the new building fund and added to the original gift of \$50,000 made a total of \$105,158 already secured and more coming in every day.

Needless to say the Presbyterians looked happy. The evening service took the form of a praise service. The choir and organ were assisted by the Sunday School orchestra under the leadership of Allen McDaniel, and a very pleasing program of music was given. The pastor gave a short and interesting sermon on "Jubilee" and the doxology was sung in closing.

Briefly outlined, the morning sermon by Rev. W. E. Edmonds, was as follows, the text being:

"Ye are built upon the foundation of the apostles and prophets, Jesus Christ Himself being the chief corner-stone, in whom all the building fitly framed together groweth unto an holy temple in the Lord." Ephesians 2:20, 21.

It is of great interest to note the different comparisons which are used to denote the christian's union with his Lord. How suggestive that believers are members of His body, a living organism; we are His hands, eyes, feet, all working according to the will of our blessed Head. Still more beautiful and suggestive, believers are called living stones, in a temple of which Christ is the chief corner stone. Modern engineers

## CIVIC CENTER SITE

CHAS. B. GUTHRIE WRITES IN  
REFERENCE TO ACTION OF  
BOARD OF TRUSTEES

The News is in receipt of the following communication from Charles B. Guthrie in reference to the announcement of the city trustees that they do not expect to pay a commission in the purchase of a site for Glendale's civic center:

I have no desire to break into print or secure cheap advertising, but I cannot refrain from an expression of opinion on the civic center site.

Never in my sixteen years' experience in handling real estate have I heard or seen such an uncalculated, premature outburst as must have gotten loose among our board of trustees in reference to the terrible bugaboo of commission on the proposed sale of a civic center site.

This is the first time I ever knew that it was a steal to take a "fat" commission for the legitimate sale of real estate to a city.

I have not, nor do I intend to offer any site to the city for this purpose. I do not propose to be considered a thief because I earn my livelihood trying to boost Glendale. Since opening my offices here I have experienced more petty squabbling and more child's play and more of a rampant desire to beat the real estate agent out of his commission than I ever dreamed the people were capable of.

Numerous times I have felt like writing up some of my experiences in dealing with your home folks, but have refrained; now that your official fathers have gone on record, however, I am at liberty to say something.

It causes a real estate agent considerable amusement, since it is common knowledge that no services legal or otherwise have as yet been rendered the city gratis. Our last tax bills are mute evidence.

Not being on the inside at the city hall, I have no means of knowing who has submitted propositions for a civic center site, but the tenor of the wild cry would indicate fear rather than injury; hence I beg to inquire, would it not have been in much better taste to have talked that matter over privately with the agent submitting the acceptable site and at least extend to him the voluntary privilege of offering to handle the deal free of charge?

CHARLES B. GUTHRIE.

## INDIANS ADOPT BAPTIST PASTOR

REV. ERNEST E. FORD OF THIS  
CITY IS TAKEN IN TRIBE  
OF MONO REDSKINS

### 25 CONVERTS MADE

MINISTER SPEAKS TWICE EACH  
DAY FOR FIVE DAYS AND  
WINS TRIBESMEN

Rev. Ernest E. Ford, pastor of the First Baptist church, returned Friday from Auberry, where he went one week ago to hold a bible conference with the Mono Indians. He reports a very enjoyable time, and some unique experiences. Twelve years ago this tribe of Indians was in the darkness of superstition and ignorance; now there are over 300 church members, in six different stations and many more that are influenced by the work of the missionaries and the Christian Indians.

Rev. Ford spoke twice a day for five days and was rewarded by seeing twenty-five Indians come forward and give him their hand in promise that they would walk the "Jesus road."

### Tribe Adopts Pastor

One of the interesting experiences coming to Rev. Ford was his adoption into the Mono tribe, and the receiving of an Indian name. He had been speaking of the bible story of those who built their house on the rock, and of those who built their house on the sand; one would stand, while the other would fall, when the storm came. When the committee, who had been selected to give Rev. Ford a name, came to report, they said that his talks had directed them in the choice of a name, and that he should be known henceforth among the Mono Indians as "Nipe ba Nobe," meaning "House on Rock." This is the second Indian name that Rev. Ford bears, having been adopted into the Kiowa Tribe in Oklahoma several years ago under the name of "Tompka," meaning "Helper."

Last night at the Baptist church, Rev. Ford told of his experiences and of the wonderful work that had been done among the Indians in a few short years.

## 55 YEARS WEDDED

REV. AND MRS. POMEROY HOLD  
RECEPTION IN HONOR OF  
THEIR ANNIVERSARY

Happily married for fifty-five years

That's the reason why Rev. and Mrs. F. Pomeroey are, with a number of friends, celebrating today at the home of their son, Charles Pomeroey, 220 Palm avenue, Burbank.

In honor of their fifty-fifth wedding anniversary, Rev. and Mrs. Pomeroey are holding a reception today in Burbank, the hours of receiving being from 2 to 4 and from 7 to 8 o'clock.

## HOLD STORY HOUR

ABOUT FORTY CHILDREN ARE  
GUESTS ON SATURDAY AT  
GLENDALÉ LIBRARY

About forty little folks enjoyed the story hour held in the juvenile room of the Glendale Library Saturday afternoon at 3 o'clock.

Miss Laura Wilford Brown told two very entertaining stories, "Wishbone Valley," an after Thanksgiving story, and "A City Boy in the Country."

The new juvenile books were then released for circulation. All the new juvenile books received during the week are now kept until after the story hour on Saturday, when the children may take them home to read.

### Banquet to Be Given

Directors of the Pasadena tournament of roses will be hosts at a banquet to be given tonight in the Maryland hotel, in Pasadena. The purpose of the banquet is to bring into close touch neighboring communities, for it is pointed out that the tournament of roses does not belong to Pasadena, but to all southern California.

A. T. Cowan, publisher of The News, has received an invitation to attend the banquet and will be present.

## CHAMPAGNE AS BAIT TO CATCH OFFICER

(Special Service to Glendale Evening News)  
LOS ANGELES, Nov. 29.—A case of rare champagne was used as "bait" in a daring attempt by leaders of the liquor ring here to entmesh a prohibition enforcement officer in their booze selling operations, it was disclosed today by government officials. The officer, whose identity is withheld, directed the express company which delivered the case to return it at once to the consignors. An estimate was made by federal officers in charge of the grand jury investigation of the traffic in illicit liquors that the gross returns from "sacramental wine" operations alone were somewhere between \$500,000 and \$600,000. Indictments in the wine angle of the inquiry are expected to be returned Friday.

## TO REVIVE FIGHT FOR UNIVERSAL TRAINING

(Special Service to Glendale Evening News)  
WASHINGTON, Nov. 29.—An attempt to revive the fight for universal military training may be made during the special session of congress to be called by President-elect Harding after March 4, it was learned here today. Representative Kahn of California and other friends of universal military training, have little hope of bringing their object before congress before then, partly because there would be insufficient time to act upon it, and partly because it is known a majority of the present congress is against it.

## CAR HITS AUTO; WOMAN KILLED

MRS. J. GARDNER OF GLENDALE  
MEETS DEATH AS RESULT OF  
CRASH SUNDAY NIGHT

### HUSBAND NOT HURT

AUTO TURNS OVER WHEN HIT  
AND IS TORN APART TO  
RELEASE OCCUPANTS

While Mr. and Mrs. John Gardner of 231 Milford street, Glendale, were last night returning to their home in their automobile from a visit with friends, a Pacific Electric car crashed into their machine with the result that Mrs. Gardner was almost instantly killed.

The accident occurred at the intersection of Brand boulevard and Lexington drive about 9 o'clock, the Gardner automobile being struck by a southbound car.

Mrs. Gardner, who was 61 years old, was taken to the Glendale sanitarium, but her injuries resulted in almost immediate death. One shoulder blade and all the ribs on one side were crushed. Mr. Gardner, who was driving the car, was but slightly injured.

Automobile Turns Over  
When struck by the car, the automobile was turned completely over, pinning Mr. and Mrs. Gardner under it. They were removed as quickly as possible, the machine being almost torn apart to accomplish this.

Mr. and Mrs. Gardner had spent the evening with Mr. and Mrs. D. H. Smith, 302 North Maryland avenue, and were returning home, driving west on Lexington drive. While crossing Brand boulevard, Mr. Gardner sought to escape being struck by an oncoming automobile with the result that his machine was hit by the southbound car.

Mrs. Gardner had been a resident of Glendale for a little over a year. She was a member of Glen Eyrie Chapter No. 237, Order of the Eastern Star. She is survived by a son, Karl L. Gardner of East Palmer avenue, Glendale, a daughter, Mrs. Lillian Smith, and two grandchildren, Everett and Howard Smith, of 231 Milford street.

Funeral services will be held at the family residence, 231 Milford street, Tuesday afternoon at 2 o'clock, Rev. Cole of the Central Christian church officiating.

Mr. and Mrs. Gardner were former residents of Pringhar, Iowa. Arrangements for the funeral are in charge of the Seavern Undertaking company.

## W. P. FRANCY RESIGNS

ASSISTANT CASHIER OF FIRST  
NATIONAL BANK WILL LEAVE  
ON DECEMBER FIRST

W. P. Francy, assistant cashier of the First National bank, Glendale, has tendered his resignation to take effect on December 1. Francy has been with the First National bank for about eight years, and since his brother, Harry, left recently to accept a position as cashier of the Glendale Savings bank, he has been with the bank longer than any other man of the present force.

Francy states that he has no definite plans for the future, but has intimated to his friends that after a few months of rest and outdoor life, it is very likely that he will engage in some line of business for himself. He will be greatly missed at his accustomed place, window No. 1, but whatever he may undertake in the future, he may be assured that he will have the best wishes of his many friends.

### Minneapolis Visitors

Mr. and Mrs. James Everington of Minneapolis, Minn., are among Glendale's winter guests. They are domiciled at 123 North Everett.

Mr. Everett is proprietor of the Argus Publishing company and editor of the Northeast Argus, a weekly paper that mirrors the doings of his section of the great city. He is interested in civic affairs in his home town, and is making a study of the charters of various California cities, Glendale among them.

### Double Local Quota

Mrs. E. W. W. Hayward, chairman of the Red Cross Roll Call in Glendale, reports that Glendale's membership will exceed 2000. All reports are not in. Division headquarters gave Glendale a quota of 1000, but local workers voluntarily doubled the amount.

## FRIENDS WANTED

**SCORES OF PATIENTS ARE IN COUNTY HOSPITAL AWAITING CHRISTMAS CHEER**

There is an old story, a parable, which tells how all the people of the land, having become weary of bearing the burden of their troubles, were permitted to meet at a certain place, where each night exchange his burden for that belonging to someone else. This seemed a capital plan, for each one thought his own troubles more burdensome than those borne by anyone else, and each was sure that he would certainly be the gainer by the exchange.

The day came for the carrying out of the plan. Each laid down his own pack of troubles and chose another which had belonged to a neighbor whom he had always envied as being less burdened with care than himself.

But at eventide everyone was back at the meeting place again, eager to repudiate his bargain and take back his own pack of troubles. He had found that his own burden was easier to bear than that of his brother.

Everyone has seasons of depression and discouragement when his own troubles seem the heaviest in all the world. A realization of the fallacy of this impression may be gained in the same way that the people in the fable found it: by finding out what burdens other people are carrying.

And if, besides merely contrasting our lot with that of others, we go a step further and do what is in our power toward helping someone bear his burden, we find that our own, if not diminished, has at least somehow grown easier to bear; our courage increases, our sky brightens, our hopes are revived. This is a proven fact, not merely a good-goddy theory—it is a truth that has been verified over and over again.

There is not one who reads these lines who could not give this help to another in need of it, and get for himself the wonderful soul-help that accrues, if he looked about him. It is not always a money need that he will find. Often it is a heart-hunger that can be fed only with a kindly deed with the personal touch in it.

## Party for Children

An enjoyable juvenile party was  
given at the home of Mr. and Mrs.  
Croft, 1753 Gardena avenue, Satur-  
day afternoon in honor of the fourth  
birthday of their son, Billy. Nine-  
teen of his friends were on hand to  
assist in the celebration, and seemed  
to be having the time of their lives  
at games and goodies. Musical selec-  
tions were rendered by Miss Horner,  
a Scotch dance by Miss Margaret  
Brown, and little Miss Marion Stad-  
ler gave three very pretty fancy  
dances. Billy Croft was the recipi-  
ent of many tokens.

The house was decorated with  
pepper boughs, tinsel and chrysan-  
themums. The four-candied birth-  
day cake, which was placed on the  
mirrored table, held the center of  
attention of all the little folks, and  
was surrounded by rose-studded  
smilax. The party concluded with  
the drawing of favors, which were  
hidden from sight until drawn forth  
by ribbons, by each child.

on Saturday when the Glendale Cat  
club held a "Silver Specialty show"  
at 142 North Brand boulevard.

Persian cats from New York and  
other eastern states, from Canada  
and from the west competed for the  
prizes. There were forty-five in all  
(cats, not prizes), twenty-five of  
them owned by local people. Cats  
with proud ancestral names lolled  
languidly on cushions of dainty col-  
ors with bows of contrasting shades  
to bring out their fur's fluffy, sil-  
very colors. Others gazed with a  
haughty stare in their handsome,  
copper-colored eyes at the strangers  
who viewed them with admiration;  
some were frankly ill at ease at be-  
ing caged in a strange place, and  
voiced their protest with an occa-  
sional gentle, well-bred mew; some,  
equally frank, bid for favor by rub-  
bing against the bars of the cage,  
and bridding and purring when gen-  
tle fingers reached in and smoothed  
their fur; others viewed the whole  
proceeding with dignified indiffer-  
ence like the cat in Kipling's story  
who said, "For always I am the cat  
who walks by himself, and all places  
are alike to me."

Some of the cages were decorated  
on the outside with holly, others  
with smilax and roses. But it was  
the graceful beauties inside that  
held the attention of the many peo-  
ple who filed past the cages all day,  
from 9 o'clock in the morning till 9  
at night.

The judge, Mrs. C. E. de Blin,  
called this show the finest exhibit of  
silver cats she had ever seen. Glen-  
dale cats were decidedly the fore  
in the show. Peter, owned by Miss  
Larkin of Fairview avenue, won the  
special prize for the best short hair  
cat in the show; Kitty, who belongs  
to Mrs. N. E. Dewey of Palm Drive,  
was a prize winner, and so was  
Fluffy Todd, belonging to Mrs. At-  
kinson. Mickey is proudly display-  
ing a ribbon won as best short hair  
silver tabby novice—or perhaps 'tis  
his owner, Mrs. Frank Hall of North  
Glendale who is proud; but anyway,  
'tis Mickey who won the ribbon. Beau-  
tiful Patricia who deigns to dwell in  
the home of Mrs. S. E. Ball of Eagle  
Rock, was awarded a ribbon, and  
Vincent, belonging to Miss Clarabel  
Grim of this city, won the prize as  
the best shaded silver male kitten in  
his class.

The Viceroy, of the Verdugo Cat-  
tery, won the prize as the best silver  
kitten in the show; Verdugo Dorothy  
Fife, also from the Verdugo Cattery,  
was the winner of the prize for the  
best dam in the show, and the prize  
for the best sire was won by another  
Verdugo Cattery resident, Northern  
Silver Lion (registered.)

The Verdugo challenge cup for the  
best trio of sire, dam and descendant  
was won by the three cats mentioned  
in the above paragraph. They have  
now won this challenge cup at two  
shows and must win it once again if  
they are to keep it.

The father in this beautiful cat  
family won the copper cup for the  
best cat from the Glendale Cat club,  
and was further honored by the  
award of the silver cup for the best  
chinchilla cat in the show.

Kitty is just a cat, a stray cat; but  
Mrs. Golden Dewey of this city was  
not at all surprised when Kitty won  
the special prize for the best short-  
hair waif in the show.

Mrs. Natalie Tomlins of Alham-  
bra, won the \$2 merchandise order  
given by the Williams dry goods com-  
pany, for the best cat in the show,  
Razelle Dazzleffie. Mrs. Tomlins  
also won the prize for the largest  
exhibit of cats, eight of hers being  
entered.

## PHOTO VIA WIRELESS

PICTURES MAY NOW BE SENT  
THOUSANDS OF MILES BY  
THIS NEW DEVICE

Most persons probably will never  
have occasion to make use of the new  
invention by which a photograph can  
be transmitted by wire and repro-  
duced in a receiving instrument at a  
great distance away. The invention  
which was demonstrated successfully  
between New York and St. Louis, is  
of more than academic interest, how-  
ever.

Its value is likely to be greatest  
to newspapers. Pictures of important  
happenings which, if they occur at a  
distance of 1000 miles or more from  
the city where the newspaper is  
printed, cannot be published until a  
day or more—in the case of foreign  
countries sometimes not for weeks—  
after the news, which has been tele-  
graphed, has appeared, will be pub-  
lished simultaneously with the news  
as the new device is perfected and  
comes into general use.

It promises also to be of service  
to the police. In sending a message  
to the authorities of a city toward  
which a fugitive from justice is head-  
ing, to arrest the man, the police are  
sometimes handicapped by being un-  
able to describe him in words with  
sufficient accuracy or vividness to  
insure his apprehension. A photo-  
graph following by mail may be too  
late. But if a photographic descrip-  
tion can accompany the order for the  
arrest, the criminal's chances of  
escaping will be much reduced.

The invention is another step in  
bringing the world closer together.

## SEEKS DIVORCE

STARTS LEGAL ACTION UPON  
GROUNDS OF DESERTION  
BY HER HUSBAND

Mrs. Lillian Empey, formerly sec-  
retary of the Virgil intermediate  
school of Los Angeles, now a resi-  
dent of Glendale, has filed suit for  
divorce from William Empey, an ac-  
countant and magazine publisher. It  
is said that Mrs. Empey bases the  
action on the ground of desertion.

According to a statement made by  
Empey, he and Mrs. Empey have  
been separated for about a year. He  
has his home at the Los Angeles  
Athletic club and Mrs. Empey and  
her children, aged 13 and 10 years,  
are in Glendale.

## Bazaar to Be Held

All of us dread the Christmas  
shopping in a large city—the con-  
gested traffic, the crowds that jostle  
one in the stores, the tedious  
walking from one department to an-  
other and from one store to another  
in search of what one wants, the  
tiresome waiting for one's parcels  
and one's change, the noise and con-  
fusion of it all.

But we of Glendale need not en-  
dure all these hardships of Christ-  
mas shopping. Besides the adequate  
service of our own home stores, we  
are offered the opportunity of buy-  
ing articles of fancy work and many  
other things suitable for Christmas  
gifts from the bazaars to be held by  
various organizations of ladies in  
this city.

These things are home-made,  
dainty and desirable in every way.  
They cost no more than the gifts  
you buy in stores. In buying them  
you are saving yourself the exhaus-  
tion incident to shopping, and giving  
yourself the treat of a little social  
enjoyment as you chat with your  
fellow-townswomen who sell them  
to you; you are helping these ladies  
who are, in every case, working in a  
good cause, a cause that is vital to  
Glendale; and besides, you are keep-  
ing the money in circulation in Glen-  
dale, and indirectly you reap the  
benefit of that.

On Friday of this week comes the

On Tuesday the ladies of St.

the Guild Hall at the church, Har-

many beautiful things to sell, and  
will serve an evening dinner that  
will be in keeping with the record  
these ladies have as good cooks.

The evening program is one of  
merit and includes piano numbers  
by Mrs. Kipp, famed for artistic per-

vocal solos by Miss Yates, pupil of  
Mrs. Catherine Shank, and readings  
by Mrs. A. H. Montgomery, another

## Fifty Feet High

A lawn covered with grass higher  
than ordinary houses is an odd con-  
ception in the United States, but  
there is such a growth about four-  
teen miles from Savannah. It is a  
grove of bamboo.

The species is said to be East In-  
dian, but the importation is believed  
to have been from China or Japan  
and the first planting, several miles  
away, supplied the first plant for this  
grove in 1890.

When two persons get together to  
discuss their differences there is al-  
ways trouble if one has a knife up  
his sleeve.

## MAKE PLEA FOR UNSELFISH CITY

EVEN MORE DEVELOPMENT IS NEEDED IN COMMUNITY, PLEA OF WRITER

## LOOKING FORWARD

GLENDALE CIVIC CENTER GIVES GREAT OPPORTUNITY FOR BETTERMENT WORK

It is a strange new thought, this interloper in the set of firm convictions held by the writer; but it refuses to be banished and insists upon consideration and expression.

We give it expression, that you may, with us, give it consideration. It is this: Have not many of us, indeed most of us, made a fetish of the sacred privacy of the home? And have we not lost much ourselves and deprived others of much by this selfish exclusiveness?

The late world-war has demonstrated that the limit of individualism has been reached; that the pendulum has begun to swing the other way; that selfishness has reached the flood tide; that the peoples of the world are now facing their brotherhood. Shall not the home, then, face its relation to other homes and confess its culpability to the charge of selfishness, of individualism run to seed?

Our drawing together in the work of the Red Cross is one of the circumstances that has quickened this thought that we have been making too much of the sacred privacy of the home. What did you know of the people of your community until you met together, day after day, week after week, in Red Cross work, united by a common interest, a common menace, a common grief? And since you did not know him, how could you "love your neighbor as yourself?"

The war has awakened new ideals in us. We learned in those bitter days of strain and anxiety not to give all to our home life, our own "set," not to cherish our home festivals in selfishness and with an almost pagan idolatry. We have lately taken into our homes strange soldier boys from homes far distant from ours (and some of us in Glendale are still true to this good habit formed during the war)—we who often enough before have let the wistful stranger stand neglected and lonely just outside our gates, simply because it would have bored us horribly to admit him to our home life where we were festive and glad together, with our own about us, whom we loved and understood.

The care and pain and sorrow of the war opened our blind eyes to our selfishness, and melted our selfish hearts. We have come to see that no man lives unto himself; and no woman, either. We have come to realize that there are many of the best things in life that we can never attain except by co-operation and generous, whole-souled, united effort—and the close barriers of home, the center of interests pertaining to a small group of people, militates, somewhat, we find, against united effort. Yet this united effort, we now understand, is an essential thing—because we, and indeed the whole world, has come to a great awakening, quickened by the fervent desire to give the struggling poor a chance, to reinstate integrity, to re-endow friendship, to cure sin and poverty, to wipe out disease and to insure to every man, woman and child throughout the great, wide world the right to life, liberty and the pursuit of happiness.

We are approaching the holy Christmas season, long held sacred as a home holiday. But the Mother of Him Whose birthday we celebrate on Christmas was not in her own home when He was born. Her joy was not a strictly home affair, shared only with those nearest and dearest to her. The people who came to see the first glory of His face were not home folks. His Mother shared the joy of that first Christmas with shepherds of the hillsides—strangers, all, to her.

Lovely and dear as the custom of the strictly home Christmas festival is, does it not claim something for which the example and teachings of Christ give us no precedent? Would we not celebrate the birthday of the Christ-child in a more Christ-like manner by meeting all together in some public meeting place, sharing our Christmas spirit of peace and good will with every human being within reach of our ministrations in the only way it can be shared; by participation. Would we not better have the exclusive home festival some other time—we have a whole year to enjoy our own intimate friends—and on Christmas day give ourselves and our joy to the general rejoicing, so that the spirit of the holy season might be made manifest to all?

This Christmas spirit can never be sent in a basket nor conveyed by a check in the same measure that it can be given expression by the clasp of a hand and by sitting down to meat together.

The spirit of fraternity, of real brotherly love, which is entirely dependent upon our understanding of our neighbor, may be fostered and cherished to some extent by sharing

## PREPARE PLANS ON CONVENTION

ELKS OF SOUTHLAND TO MEET AND ARRANGE PROGRAM OF JULY'S CONVENTION

## GLENDALE TO HELP

EXALTED RULER JOHN FANSET OF LOCAL LODGE TO ATTEND AT PRELIMINARIES

Officials and committees representing Elks' lodges in Los Angeles and southern California have begun plans for the grand lodge convention of the Benevolent and Protective Order of Elks, to be held in Los Angeles next July. It is predicted that the convention will be the most largely attended in the history of the organization.

For the purpose of passing upon the details of the convention program, grand lodge officials, including William M. Abbott, grand exalted ruler, will meet in Los Angeles early next month and the conference will be attended by exalted rulers of southern California lodges. John H. Fanset, exalted ruler of the Glendale lodge, will be one of those at the meeting and it is expected that the Glendale lodge will figure prominently in the entertainment of the delegates to the convention.

It is estimated that fully 50,000 Elks and their wives will be present at the convention next July and, naturally, many of these will visit Glendale, whose fame as the fastest growing city in the United States has spread throughout the east.

### Propose Elaborate Program

Preliminary plans show that an elaborate program will be offered to the 50,000 or more visitors and, it follows, an excellent opportunity is presented to the Glendale lodge, and Glendale, citizens generally, to take a real part in making the stay of the Elks and their wives a most enjoyable and profitable one.

The Elks held a grand lodge convention in Los Angeles in 1909 and one in 1915, so the coming gathering is the third to be held in the southland.

The conference to be attended by Exalted Ruler Fanset of Glendale is scheduled for early in December and it will be held in Los Angeles.

The Elks are now in the midst of a drive for a total membership of one million, the present list totaling about 710,000, it is stated.

## OUTLINE SCHEDULE

INTERSCHOLASTIC FEDERATION HOLDS MEETING; GLENDALE DATES ARE CHOSEN

Officers of the California Interscholastic Federation were elected at the semi-annual meeting held Friday in Los Angeles. Harry J. Moore of the Long Beach high school was chosen president and C. L. Biedenbach of the Berkeley high school was made secretary-treasurer once more.

Berkeley was given the annual track and field championships, the date chosen being April 30th.

Most of the all-day session was taken up with a discussion of the football schedule and it was decided the winner of the northern section shall have the right to choose the referee and field judge and the southern section shall select the umpire and head linesman.

Here is the tentative schedule for the southern section was arranged, Glendale being represented:

Nov. 25—San Diego vs. Van Nuys.  
Nov. 26—Glendale vs. Pomona.  
Nov. 27—Fullerton vs. Santa Monica.

Nov. 30—Long Beach vs. L. A. Poly.

Dec. 4—Winner San Diego-Van Nuys game vs. winner Long Beach-Poly game; winner Glendale-Pomona vs. winner Fullerton-Santa Monica.

Dec. 11—Winners of the Dec. 4 games to face each other.

our joys in our home with those outside it. But Glendale's civic center with its proposed assembly rooms, its atmosphere of the larger home, where community of interests may be fostered, where we may cultivate the true democratic spirit engendered by projects undertaken by all for the good of all, recreations planned by all to be shared by all—what may this not mean to Glendale, "The City of Homes," in the development of a city where men live like brothers together, where "all things are held in common and what one has is another's?"

This is Glendale's opportunity—an opportunity for a great work that will redound to her fame throughout the land; but better than fame will be the benefit that will accrue to Glendale in the development of the civic spirit of her people, in their wholesome interest in each other, in their devotion to the interests of our young people, the Glendale citizens of the next generation, many of whom will go forth into the wide world carrying with them and spreading abroad the beneficent influence of the wisdom and love of their old home, Glendale, "The Home City."

## INCREASE IN FUND

(Continued from Page 1)

digging far down about the old temple foundations have uncovered at the lowest angle a vast corner-stone. This was known as the "binder" in its relation to the walls. This is precisely the relation of Christ to His church, the whole body firmly framed together. Paul says much of building the church of God, often using the word "edify," which literally means "to build up"; and that which binds us to Jesus Christ Himself in this day of many denominations is the one unity which is possible, is the unity in a personal relation with Christ. The unity and security of the wall will depend on the binder. Your safety depends on your life being hid with Christ in God.

The Foundation. We are built up upon the apostles and prophets, that is, the scriptures of the Old Testament. The prophets pointed forward to the Savior to come, the apostles recorded that he had come and made atonement for us. The higher critics are taking away our bible piece by piece, but the only Christ is the Christ of the scriptures; other lights are nothing but borrowed lights. We don't have to defend the word of God; it is in no danger; but you are in danger if you seek to break it down.

The Superstructure. "Ye also as living stones are built up a spiritual house." The disciples called the notice of Jesus to the marvelous great stones in the temple structure. But living stones! If you are what God would have you be, you are a stone, with hands, voice, feet, made beautiful and set into His building.

And all "groweth into a holy temple." These stones with life in them grow; they grow by power from within, symmetrical and beautiful. "You hath He quickened who were dead," every part dynamic with life.

But for all the building's growth, still it is incomplete; one thing remains. The greatest day in a palace is when the king moves in. The Lord Himself must descend to take personal possession. Our hearts are thrilling, looking for the day when the King comes in to take care of His own. "Lift up your heads, oh ye gates, and be ye lifted up, ye everlasting doors, and the King of Glory shall come in."

My brother, what is your relation to this temple and king? Oh that you might have hands and feet to be put at the disposal of the king when he moves in, and you might have your place as a living stone in this temple!

## LOW DEATH RATE

GREAT DECREASE IS SHOWN IN UNITED STATES BY BUREAU'S REPORT

Statistics made public by the census bureau show that the 1919 death rate in the death registration area of continental United States, embracing eighty-one per cent of the total population, is the lowest recorded for any one year.

The rate of 12.9 per 1000 of population showed a drop of 5.1 per 1000 from the unusually high rate

of 1918 resulting from the epidemic of influenza.

The total number of deaths in 1919 was 1,096,436, of which 111,579, or 10.2 per cent, were caused by heart disease, while tuberculosis resulted in 106,985, or 9.8 per cent, the statistics showed. Deaths attributed to pneumonia totaled 105,218; influenza 84,113; nephritis and Bright's disease, 70,005, and cancer and other malignant tumors, 68,551.

## OPEN NEW TRACT

RAPID GROWTH IS SHOWN BY DEVELOPMENTS; WORK ON BOULEVARD RUSHED

Indicating the rapid growth of that section immediately to the south of the Glendale city limits, a real estate company announces the opening of a new tract, close to the Glendale car line and near the boulevard now in the course of construction.

Work on the boulevard connecting Glendale and Los Angeles is being rushed to completion. The grading is about finished. The curbs and gutters have been installed and, it is stated, the paving of the boulevard will be completed during December.

## Reports Prizes Stolen

Mrs. T. A. Crawford of Ventura entered a number of prize-winning cats in the cat show held by the Glendale Cat club on Saturday. She brought with her two silver cups and probably a dozen ribbons won at other shows.

When she was ready to return to her home, she put her ribbons and silver cups in the back of her automobile, standing in front of the cat show, 142 North Brand boulevard. The machine also stood unguarded for a few moments while Mrs. Crawford stopped at the home of Dr. L. Ashcroft to get her suitcase.

When many miles out of Glendale she discovered her prizes had been taken from the machine; she had done some Christmas shopping while here, and all her parcels were taken, too. She immediately telegraphed her loss back to Glendale, saying that if the person who has the things will only return the ribbons, he may keep the Christmas parcels and even the silver cups.

Now, the ribbons are of no value, absolutely, to anyone but Mrs. Crawford; and to her they mean a great deal—they cannot be replaced, of course, and they represent prize winnings extending over a number of years.

It is regrettable that Glendale has anyone who would be guilty of such dishonesty—and it may have been done by some outsider, of whom there were many in town on Saturday.

Anyone finding the ribbons—they will probably be thrown away as of no value—may return them to the Verdugo Cattery, Melrose avenue and Stocker street, North Glendale, or to Mrs. Thomas A. Crawford, Ventura, Calif.

## HORSESHOE MEET

LONG BEACH SQUAD CONTESTS LOCALS AND TAKES BIG PORTION OF SCORE

Five teams of horseshoe hurlers, accompanied by several rooters, came from Long Beach on Saturday and clashed with members of the Glendale Horseshoe club. The result was disastrous for the Glendale tossers.

Fifty games were played and the visitors won by a large majority, although the Glendale tossers made every effort to stem the Long Beach tidal wave. Aikens, Briggs and Nelson from the Southside Park club were particularly strong. Nelson made the high score for ringers—twenty-four in one series of five games.

Saturday's clash was the first the local club has had with an outside organization since adopting the light shoe and new rules. The beach experts have had more practice with the new shoe, which was much to their advantage in Saturday's meet. Members of the local club, however, declare that all they want is a few months' practice with the new shoe and then they will attempt to smother the Long Beach tossers.

Saturday's contest was witnessed by a large-sized crowd and much good-natured rivalry was displayed among the players.

## CITY SHOW PLACE

IMPROVEMENTS AT FOREST LAWN ARE ELABORATE; \$1,000,000 MAUSOLEUM

The improvements now going on at Forest Lawn will result in giving Glendale one of the show places of the United States.

The magnificent mausoleum now being built will cost over one million dollars. It is patterned after the Campo Santo of Genoa, Italy, and the architect claims it will far excel that world-renowned structure in beauty.

The management of Forest Lawn sent its architect abroad to inspect the world's best examples of memorial architecture before starting the building which will rise five stories high in terrace form with gardens on each.

#### DAMAGING BUSHES

#### MANY PEOPLE WHO CUT HOLLY FAIL TO USE CARE SAYS FOREST OFFICIAL

Hollyberries in the surrounding canyons may become extinct, is the warning issued by Supervisor Allen of the Angeles National Forest reserve, as the result of the actions of holly gathering vandals.

It is possible to take holly in reasonable amounts and without seriously damaging the bushes, is the declaration of Supervisor Allen. But many holly collectors are not doing that, he says. They are, it is claimed, cutting the bushes so that it is doubtful if the shrubs will revive.

As a result, there is a shortage of holly this season and, too, there will be a greater shortage next year—all because many holly gatherers have failed to use caution in cutting the bushes.

The proposal for one-cent postage will be received with more favor when the two-cent letters are delivered more promptly.

#### BATTLE GOPHERS

#### EXPERTS DEMONSTRATE HOW DAMAGING PESTS CAN BE PUT UNDER CONTROL

First rains have increased activities of gophers, according to a statement issued by the Los Angeles farm bureau and, as a result, gopher control demonstrations will be given in all sections of the county by the organization.

In the Glendale section, it is announced that demonstrators from the farm bureau will be here and throughout the valley on December 15.

Gophers, the farm bureau points out, cause great damage to crops and trees and steps must be taken to control the pests. Representatives of the bureau will spend an entire day in the valley demonstrating the best methods to war against the gophers.

Who would have thought that the much-sought substitute for the saloon would be found in the cellar?

## SHOT OFFICER WILL RECOVER

DEPUTY CONSTABLE LOPEZ OF SAN FERNANDO WILL NOT DIE OF WOUNDS

## CAPTURE FUGITIVES

MEN RESPONSIBLE FOR BREAK AT JAIL EXCHANGE SHOTS WITH CITIZENS

According to a statement issued by the attending physician, Peter Lopez, deputy constable of San Fernando, who was shot in the arm and abdomen Saturday during a jail break by inmates of the San Fernando jail, will recover from his wounds.

J. H. Martin, accused of having shot Lopez and who was, in turn, wounded by the posse which recaptured the escaping prisoners, was not seriously wounded. W. T. Joaps, alias Jacobs, who also attempted to gain his freedom, is being held with Martin pending the outcome of the wounds of the deputy constable.

Deputy Constable Lopez is 52 years old and for eighteen years was constable of San Fernando township. About three years ago he was appointed marshal of San Fernando. He is well known in Glendale and vicinity. His friends here will be pleased to know that his wounds, at first reported as fatal, will not, according to the statement of the attending physician today, cause death.

#### Fifty Shots Are Exchanged

On Friday night Lopez arrested Martin and Joaps in the act, it is said, of robbing the home of Bert Wagner at San Fernando. The prisoners were taken to the San Fernando jail. The next morning Lopez went to the jail to take some of the prisoners out to breakfast. Martin and Joaps had escaped from their cells and were waiting for the officer. Martin is said to have fired at Lopez and Joaps is accused of having kicked him on the head.

The two prisoners escaped from the jail and hid in the underbrush. A posse of citizens was formed and more than fifty shots were exchanged before the fugitives surrendered. During the exchange Martin was shot in the arm.

It is not yet explained how Martin secured a revolver while in the jail. The prisoners escaped from their cell by removing a bolt from a bench and prying open the cell door, it is claimed.

## ANNUAL MEETING

### COUNTY FARM BUREAU TO BE IN SESSION AT BALDWIN RANCH SATURDAY

Details for the annual meeting of the Los Angeles county farm bureau, to be held at the Baldwin ranch next Saturday, have been completed. The organization has about 2,000 members, located in all parts of the county.

It is announced that the meeting will begin at 9:45 a. m. and that reports on the work done during the past year will be read and plans will be outlined for the coming year's work. An election of officers will be held, followed by a basket luncheon and speaking.

President J. B. Vaile, who has been in the east studying farm bureau work, will deliver a report on his investigations. The address in the afternoon will be made by Prof. B. H. Crocheron, director of agricultural extension at the state college of agriculture. He is also state leader of farm advisors.

There will be demonstrations of farm bureau and agricultural extension service activities, including milk testing and dairy cow judging. Medals will be awarded in the dairy cow competition and deciduous fruit growers' work will be exemplified. Visitors are invited to attend the meeting. The committee in charge consists of S. Erle Goodall, chairman; E. Hall, H. S. Bissell, L. B. Doan and William H. Harriman.

## AIRPLANE SAFETY

FACTS AND FIGURES SECURED TO SHOW ACCIDENTS NOT SO VERY PREVALENT

The airplane is the fastest machine man has ever built, but fast as it is, has not yet caught up with its reputation for danger. That reputation acquired when the plane was in its infancy, when man was just beginning to master the air, and in the mind of the average man it has not yet been downed.

The British air ministry collected statistics on all commercial flying in that country for the last seven months of 1919. The results amazed even pilots and engineers who long had regarded the risk in flying as negligible. The figures covered 35,330 flights by 403 machines of a total time in the air of 8368 hours, during which time 593,000 miles were traveled. In all this flying in good weather and bad, one passenger was killed in every 16,666 passenger hours in the air. To put it differently, a single passenger might expect to fly about 1,180,000 miles—forty-seven times around the world—before becoming the victim of a fatal crash. That sounds utterly absurd to the landsman, yet the British government stands back of the figures.

The pilots who tested experimental planes, did stunt flying and ran other unnecessary risks showed forty-eight deaths per 1000 hours.

Coming nearer home, figures compiled by the postoffice department, show to the end of last year 405,000 miles flown with a loss of three pilots. These pilots, of course, ran many risks, for they carried the mail through rain, snow and fog that blinded them.

Even in training pilots the figures are exceedingly low. From the beginning of the war until the end of 1918, 17,690 men learned to fly in the United States air service. One man was killed in every 2310 hours, or one to about every 150,000 miles.

With these positive proofs of aviation's safety before us, American airplane manufacturers are going ahead building planes, confident that the realization, soon will come everywhere that man can take care of himself as surely in the realm of the birds as in the realm of the fishes.

## CANE AND WHIP GO

WALKING STICKS AND WHIPS NOT NEAR SO POPULAR AS THEY WERE FORMERLY

Are canes extinct? Has the automobile chased the horse out of business? Has the umbrella given way to the water-proof coat? The United States forest service and the New York state college, which have been making a joint survey of the wood-using industries of the state of New York, have reached such a conclusion, from answers to their questionnaires.

They find that, in 1912, there were several cane, whip and umbrella manufacturers in New York; but today there is not a single manufacturer of walking sticks or whips in the state and only one manufacturer of umbrella handles.

## RACE DYING OUT

NATIVES OF HAWAII WILL BE EXTERMINATED IN ABOUT 75 YEARS IS CLAIM

Hawaii's native race will be extinct in seventy-five years if the ratio of births and deaths set by the official figures for the fiscal year 1919-1920 is maintained. This is indicated by the report of Dr. F. E. Trotter, president of the territorial board of health, which shows that during the year the deaths of pure-blooded Hawaiians totaled 1009, while there were 676 births.

There are approximately 25,000 pure blooded Hawaiians living on the Hawaiian Islands, according to estimates. Reports for past years show decreases in their numbers.

In marked contrast with the evidence that Hawaiians are members of a "dying race" are the vital statistics dealing with those who represent mixtures of Hawaiian with Caucasian and Asiatic blood.

Of the Caucasian Hawaiians, 249 died during the last fiscal year, while there were 699 births in that section of the territory's population. The Asiatic-Hawaiian strain—principally Chinese-Hawaiian—recorded 103 deaths and 491 births.

The natural increase in the Japanese population was 3366. During the year there were 4963 births and 1597 deaths among the Japanese.

## Donates Twin Dolls

Mrs. James B. Horne, wife of the well-known motion picture director, who so kindly offered to donate a doll for the Tuesday Afternoon club bazaar, has decided, in order to show no partiality to her twin children, Jimmy and June, that it would be best to make it twins, and so is giving a boy and a girl doll, which is going to bring joy to some fortunate child at Christmas time.

Among the articles donated is a beautiful hat by Mrs. Yarbrough, also one from Mrs. Eudemiller of Los Angeles, and an expensive pair of women's shoes by A. H. Montgomery, which will be fitted at a Los Angeles store to the person receiving them.

## LOSS TO SUPPLIES

SINGLE WOLF IS KNOWN TO BE RESPONSIBLE FOR HEAVY DAMAGE TO CATTLE

A single wolf has been known to kill in six months 150 head of cattle valued at \$5000. In the spring of 1919 a mountain lion was killed in Wyoming which in one month destroyed \$1000 worth of livestock. In less than three months six coyotes slew 300 sheep in Texas, valued at \$3200.

They live high, these marauders of the western range. A yearly estimate of the loss in New Mexico showed that three per cent of the cattle, or 34,000 head, and 165,000 sheep had gone to feed predatory animals. This means some \$20,000,000 worth of livestock. Remember also that before poisoning campaigns were planned, rodents, such as prairie dogs, squirrels and rabbits, ate

### TEACH MANNERS

#### NEW YORK HIGH SCHOOLS IN PLAN TO INSTRUCT YOUNG IN POLITE WAYS

It is to be hoped that schools generally will fall in line with the high schools of New York City, which are instituting a twenty-minute period a day for the teaching of manners.

Those good folk who are always exclaiming that young people nowadays are not as polite as their fathers before them are usually equipped with poor memories. Youngsters in all times and climes have had one universal failing—they were young. We ought to be glad that those of this generation don't lack boisterousness, vigor, and even occasionally a little mischief in their makeups.

But there comes a time when kids begin to blossom out into young men and women. What trying days those are! Then it becomes all important to know whether a gentleman should shake hands or only bow when introduced to a lady, and what, exactly, what words, a lady should use on such an occasion. Correctness, in this awkward age, makes all the difference between misery and pleasure.

Manners have a function not limited to the "party" or the "social." Most of the time people live in crowds, and it is quite desirable not only that that crowd be friendly, as crowds usually are, but that individuals in it know the best way of being friendly.

Children who have been trained in manners will know how to keep off other people's corns, and they will also be saved many, many dark moments spent in agonized realization that they have not done the right thing at the right time.

Every argument points in favor of a course in manners, similar to that inaugurated in the New York schools, being added to the curriculum of every high school in the land.

#### A Slim Breakfast

The odor coming through our open windows at this moment brings to mind a story Harry Lauder once told at a banquet. A Scotchman bought a pound of sausages and, taking them to his landlady, he asked her to serve them for his breakfast.

"How'll I cook 'em?" she asked. "Try 'em like fish," said the Scot. Next morning the landlady came in with 'em an' as she lays 'em down she says: "I hope ye'll enjoy yer breakfast this mornin', but there's no' much in these things when they are all cleaned out."

The disease would soon be cured if every automobile driver who starts out to break a record also broke a leg.

Despite the steep and crooked roads through the Yellowstone National park, over which no less than 10,000 privately owned motor cars toured this year, 10 accidents have been reported, only two of which were of a serious nature.

Many cases of failure of wheel bearings may be traced to rust caused by the indiscriminate application of a stream of water at 40 or 50 pounds of pressure to the square inch to the parts of the car where they are mounted.

Prussia is still paying a salary to the former Kaiser—to induce him to stay away, perhaps.

That the senate had a lemonade bowl as well as a champagne cooler proves the upper house was not bigoted on the refreshment question.
